### TAKOMA ON RECORD

Wants Municipal Ownership and Gas Control.

#### SEEK PUBLIC CO-OPERATION

Resolutions Adopted After Debate, and Senator Brown's Bill Providing a Thorough Probe of the Gas Company Was Indorsed—Blair Road Improvement Acted Upon.

Takoma Park citizens last night went on record as favoring municipal ownership of the gas monopoly. A resolution was adopted by the association requesting the various civic organizations of the District to co-operate. It also was unanimously decided to approve Senator Brown's bill providing for a thorough probe into the gas question.

Among other things, the macadamizing of Blair road, from Cedar street to the District line, was advocated; also the possibility of moving the Baltimore and Ohio station. A subcommittee was appointed to obtain from the Commissioners and from the railroad any available information on the subject.

The street-cleaning service was denounced and arrangements made for calling the attention of the superintendent to the matter.

The question of having representation on a central body, consisting of representatives from all the civic organizations of the District was brought up, and it was decided that the Takoma Citizens' Association should be represented. The president of the association, J. W. Dyre, was elected to represent the association, with the vice president as alternate.

W. A. Colcord, secretary of the Religious Liberty Bureau, presented a resolution to the effect that the Takoma Citizens' Association was against the enactment of any law enforcing any particular day as a day of rest. The resolution was referred to the committee on the District.

#### SPRING'S ENTRY GOOD.

Weather Man Promises Continuance of Pleasant Conditions.

Spring's first official appearance made a big hit yesterday, and if the day may be taken as a criterion for what is to be expected during the entire season, the weather man has made himself solid with Washington folks.

Clear skies and a temperature somewhat warmer than usual made yesterday an ideal day, and assured every one that "spring has truly come." At 6 o'clock yesterday morning the thermometers registered 42 degrees, and kept climbing all day. Continuance of pleasant weather for several days is promised by the weather man.

In his remarks, Dr. Mendez paid a tribute to the life work of Mr. Solomons, who was well-known as a philanthropist, which, he said, showed that Judaism meant "fidelity to God, helpfulness to men of every race and creed, and loyalty to the ideals of true citizenship."

#### WAR ON VACCINE PROGRESSES.

Society May Make Test Case to Abolish Forced Inoculation.

Steps to raise funds for a test case are about to be taken by the Washington Anti-Vaccination Society. It is said this move may be necessary to abolish compulsory inoculation in the District. The executive committee of the society has the matter under consideration and will report a campaign for the fight at the next meeting.

Capt. James P. Oyster, president of the board of education, yesterday declared himself opposed to compulsory vaccination, though he is not opposed to inoculation generally. Capt. Oyster's child suffered for some time after being vaccinated recently.

#### GREELY NOT REWARDED.

Former Explorer Approves Plan for Recognition of Peary.

Maj. Gen. A. W. Greely, U. S. A., has issued a statement approving the plan for national recognition of the exploits of Commander Peary in the arctic, as "a wise national policy to stimulate in our young men similar feats of notable accomplishments."

Gen. Greely also corrects the statement that he was rewarded for his work in the arctic. He says: "I received, indeed, the highest honors from Europe, but in America, apart from my native State and city, I received no recognition, either by medal, diploma, by public testimonial or by advancement in rank; thus, though my work was scientific and entirely official, I suffered the loss of a fortune, refusing \$40,000 for 100 lectures, and the exploitation of my comrades' misfortunes."

#### Henry Warrington Dead.

Arrangements are being made for the funeral services of Henry Warrington, youngest son of the late Commodore Warrington, who died Sunday at the age of seventy-five years. He was a brother of the late Mrs. Eliza C. Warrington Chubb.
